MESSAGE

I am happy to know that MGM's College of Engineering and Technology is organizing a national conference on 'Challenges in Engineering Teaching and Research.'

I congratulate the College for creating a platform for young and promising researchers to discuss their problems with their peers. I hope that this conference will provide a springboard to the upcoming experts and give a chance to know about the latest developments in the field of research and knowledge.

I extend my best wishes to all those involved in the effort and wish the conference very success.
